Next meeting: 'Make Networking work for you'

Many people shy away from Networking but it is one of the most effective ways to build business in the UK today.

Effective Networkers:

- Know how to get more sales without resorting to the hard sell
- Easily strike up conversations that often lead to business
- Have developed a confident and effective pitch

We introduce you to the concepts of Networking so that you will have a clear idea of what it is and what it's not.
