

More Homes Panel:

The More Homes Panel role in the Involvement Structure is to give residents a voice into the More Homes element of the Corporate Plan 2020 - 22.

The Purpose of the More Homes Panel is to:

- Provide resident voice and scrutiny into our programme to deliver 200 extra homes a year
- The More Homes Panel will meet every quarter but hopefully more in the future. Actions and work to be completed between meetings by residents and staff and reviewed at each meeting
- The Chair of the More Homes Panel will report on progress to Tenant Committee every 6 months
- Support the review of the new home standards and specification to include scrutiny on:
 - home design
 - landscaping
 - access
 - waste and recycling facilities
 - property allocation
- Ensure Leaseholders and Homeowners have a voice and can influence WCHG
- Support a review of the customer experience in sales activity
