

### **Tenants Installed Appliances**

Approval must be obtained from the Group prior to residents installing any gas appliances (other than gas cookers). Contact the Gas Section on **0300 111 0000 or 0800 633 5500** for advice.

The resident must provide proof that the installation has been carried out by a Gas Safe Registered operative to enable the Group to verify with Gas Safe Register that the operative is suitably qualified to carry out this work. Where this is not the case the appliance/s will be isolated and made safe.

The Group will carry out a Gas Safety Check to tenants own appliances during the annual gas safety check, but It is the tenants own responsibility to ensure their own gas appliances are serviced annually by a Gas Safe Registered operative.

**Please see Gas Safety Guide for Tenants.**
