**GREATER MANCHESTER**  
**POLICE**

Independent Community Scrutiny Panels (ICSPs) are made up of members of the public who are representative of the local community and give the police honest feedback in how they are using their stop and search powers.

## WHY DO WE NEED INDEPENDENT COMMUNITY SCRUTINY PANELS?

The ICSPs will work with GMP and other community oversight groups to build and maintain trust and confidence within our local communities.

## WHAT WOULD I DO AS A PANEL MEMBER?

We want you to give your honest opinions and bring us to account. Through showing you police interactions captured on Body Worn Video (BWV) and data, we seek your personal views about how it we are doing so that we can be transparent in all we do.
